⑩ Generally, the members of the HBA constitute the younger section of the N.J. Bar. Thus, as a group they will find CLE courses highly useful. While at the same time economically burdensome. Therefore, while I am in agreement with the idea that CLE registration should underwrite the expense of such activities, I would recommend that fees, if any, be kept low.

Re: Hispanic Bar
Directory

Dear Colleague:

The Scholarship Committee of the Hispanic Bar Association is in the process of developing a comprehensive directory of Hispanic attorneys practicing in New Jersey on a county basis. The directory will be mailed to numerous state and local elected officials, county assignment judges, federal judges and other public officials who may have a need to identify Hispanic attorneys in the State.

Thereafter, we are considering mailing the directory to responsible parties in the private sector such as major corporations, insurance companies, banks, labor unions and public utilities.

Your name, address and phone number as appears above is being considered for inclusion in this directory. If you are not Hispanic or you do not want your name included, please accept our apologies and advise us as promptly as possible. We will immediately delete your name. Direct your communication including requests for corrections to me at 220 Newark Avenue, Jersey City, NJ 07302, or call my secretary, Iris, at (201) 656-4200.

Since printing is scheduled for May 15, 1982, your immediate response would be greatly appreciated.

Very truly yours,

Hector R. Velazquez
